WTCS Programs Offering Credit to Two-Year Youth Apprenticeship Graduates

This document lists the technical college programs in which two-year Youth Apprenticeship graduates may receive credit.

2005
Graduates of two-year Youth Apprenticeship programs may be awarded credits in specific Wisconsin Technical College programs. This chart shows the minimum number of technical college credits that may be awarded. The credits may be taken as technical college courses within Youth Apprenticeship programs or may be granted through advanced standing when students enroll in a technical college. Technical colleges may also grant additional credit through local articulation agreements. Check with your local technical college for specific requirements on agreements and obtaining credit.

* Denotes the programs that are in the process of a full curriculum revision. Contact Robin Kroyer-Kubicek regarding progress on these programs. robinkk@wi.rr.com, or your local Tech Prep Coordinator.
